ASTM

ASTM—The American Society for Testing and Materials has been testing products and services making them safer, better and more cost-effective. Standards developed at ASTM are the work of over 30,000 ASTM members. These technical experts represent producers, users, consumers, government and academia from over 100 countries. The proud tradition and forward vision that started in 1898 is still the hallmark of ASTM International.

Combined, Rocky Boots and Mossy Oak have been serving outdoors men and women for 122 years. The partnership has offered superior products for people of all ages. The dependability of Rocky Boots paired with Mossy Oak's industry-leading camo patterns has and will continue to serve hunters and GameKeepers for generations to come. While the performance of the footwear created by the collaboration is measured in miles, the adventures the products enable are measured by the memories created.
